MURPHY AND BAN JOHNSON SAYING MANY MEAN THINGS

Cubs' Owner Threatens to File Suit Against American League President to "Stop Attacks."

NEW 8-CLUB LEAGUE ALLEGED AND DENIED

(By Leased Wire to Evening Herald.) Chicago, Feb. 14.—"Eweency and Perdue will play with the Chicago Cubs or they will play nowhere," declared Charles W. Murphy in his office today. "I have the complete formal papers concluding the deal in my desk signed by Mr. Gaffney, president of the Boston club, and myself. Mr. Tener has no more to do with the matter than has my boot black and no man and no organization of men shall be permitted to interfere in this deal."

Murphy said that telegrams had been sent to Sweeney at Boston and Perdue at Gallatin, Tenn., ordering them to report in Chicago next Monday evening to go with the Cubs to Tampa for training.

Concerning his threats made yesterday to file suit against B. B. Johnson, president of the American league on account of John's alleged attacks on Murphy, the Cubs president said he had not changed his intention.

"I did not file the suit today," he said, "because my lawyer is in Texas. But I shall file it as soon as I can consult with him. There is one thing certain and that is that I will compel Johnson to cease his attacks on me. He seems determined to get me out of baseball."

"Don't make me laugh," said Murphy, when questioned as to the possibility of organized baseball putting a new eight-club league next season in major league territory, as announced today by Johnson. "That idea is supremely ridiculous."

President Johnson of the American league announced that a new eight club league in major league territory is contemplated by organized baseball. Johnson returned today from the major league conference in New York and said that the project was set on foot by President Baker of the Philadelphia Nationals and that it is at present under serious consideration by the major league club owners.

Suggested formation of a new big league from a combination of Federal league clubs and a few major league clubs was ridiculed by Johnson, who said that the matter had been mentioned but never discussed seriously.

"I won't say anything for publication about C. W. Murphy," declared Johnson. "I have not said anything about him for publication and I will not now reply to any remarks he may have made. What I had to say about Murphy I said to the club owners of the National league. I may add that they agreed with me. Murphy was not there to hear it. I am sorry to say."

Johnson said it would not be possible to put the proposed new league in operation this season but that plans were being formed so that it was entirely within the range of possibility that next season would see it launched.

Joseph Tinker and Charles Weeghman and W. H. Walker, owners of the Federal club returned to Chicago on the same train with Johnson. Tinker said the invasion of Brooklyn was progressing without a halt.

"C. W. Murphy is the best birthday gift which the Federal league has received," said Mr. Weeghman.

and Johnny Evers signed with the Boston Nationals for four years at \$10,000 a year and a big bonus, the ranks of the baseball men who have been here for nearly a week begin to thin out today. Ban Johnson, president of the American league; Joe Tinker, Charles Weeghman and W. H. Walker of the Federals, have already left and others planned to go during the day.

President James A. Gilmore of the Federal league was in consultation again today with the backers of the new club in Brooklyn, Robert W. Walter and John M. Ward. The latter is the one-time famous shortstop and is no relative of the other Wards. He will be the secretary and business manager of the new Brooklyn Federal club and Robert W. Ward will be the club's president.

The make-up of the Federal league as announced here is Brooklyn, Pittsburgh, Buffalo and Baltimore in the east, and Chicago, St. Louis, Indianapolis and Kansas City in the west. The schedule meeting of the Federal league will be held in Baltimore the second week in March.

Charles W. Murphy of the Chicago Nationals has thus far received no recompense from the deal arranged in the National league by which Evers goes to Boston, Perdue and Sweeney, who were to be sent to Chicago for Evers, remain with the Boston club, the league decided.

Governor Tener said the controversy between Murphy and the league would be "ironed out" as soon as possible. At present he could not say whether Murphy would get anything out of the deal.

BUSINESS COLLEGE DEFEATS THE HIGH SCHOOL

Tom Naylor's All-Stars Put Over a Bad One Against the Indians in Last Night's Basketball Games.

Before a small crowd the Albuquerque Business College team defeated the High School team at the Armory last night by a score of 19 to 8. Tom Naylor's all stars, a team selected from the best of the University players, and some others in the same class, easily put it over the Indian school by the convincing score of 45 to 19, the Indians having no show from the start.

The promoters of last night's games were disappointed at the attendance, or lack of it and are convinced that to make basketball financially successful in Albuquerque it must be accompanied by a program of rags and touts. These having found something of disfavor in school discipline circles, it looks as if the same would have little further play here this season, although a finishing game may be played between the Naylor team and the Business college, the latter being willing to meet all comers.

The University team will journey to Las Vegas next week to meet the Normal school team there on the night of the 20th.
